

COST SAVING
SITE HOTELS
– ANYWHERE

360° CAMP SOLUTIONS

ANYWHERE. FOR ANY PROJECT.

- ▶ Working far from the beaten track can be a challenge. Especially when it comes to logistics. Your employees need a place to live - and the closest hotel is often far away. Site Facility loves to solve this challenge. We build camps close to the construction site and look after you - during the entire project. You can focus 100% on your project - we take care of the rest. From the moment your employees leave the construction site and until they return, well rested, we do everything we can to spoil them. Wherever in the world you need to live and work, Site Facility is there - on projects of any type.

TOP 5 BENEFITS

1. REDUCED TRANSPORT TIME

A camp located near the construction site reduces the expensive transport time which is instead turned into efficient working hours. And because everyone lives in the same place it is easier to gather everyone for meetings - or move them to and from the construction site if something like bad weather should hold up the project.

2. WELFARE AND WELL BEING

Healthy food, good rest, and an active spare time in a relaxed environment with good colleagues means more motivated employees with greater focus on the job at hand. It also increases productivity.

3. OPTIMAL TIME MANAGEMENT

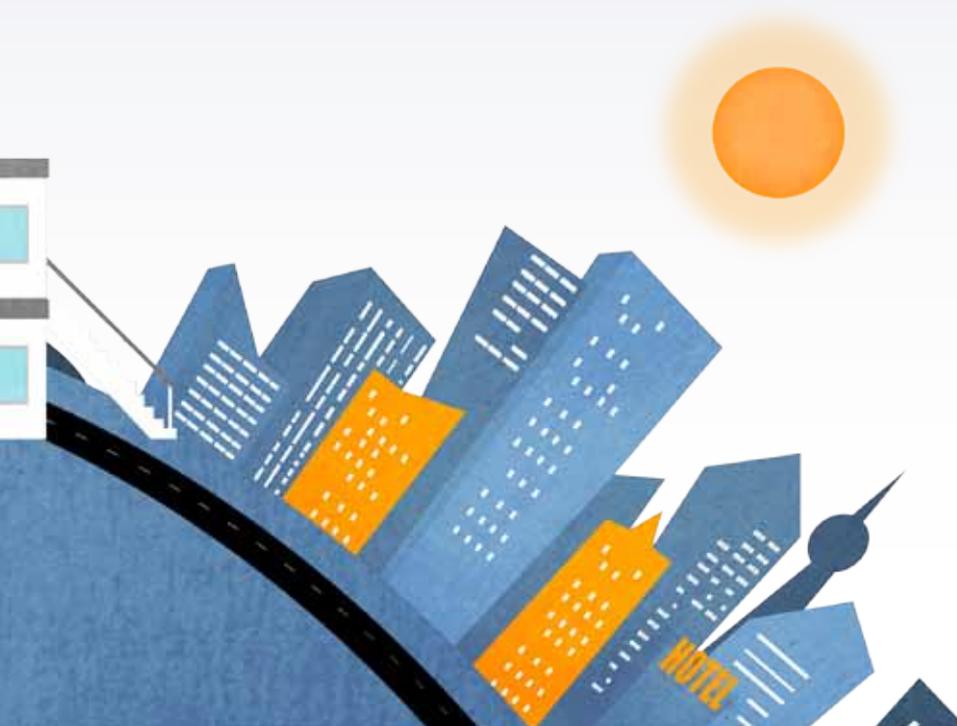

With an on-site hotel you can manage your time optimally. The flexibility a camp provides means that even if something unexpected should happen you can still meet your deadlines. Increase your work force, for example by working in multi-shifts, without running into accommodation problems.

4. FULL FOCUS ON PROJECT

The experience we bring means that you can focus 100% on your project. We know the best location for the site hotel, as well as what it should contain. We always have great attention to detail - during the design phase, while your employees live at the camp, and when you move on again. You will have our full attention - you are the only guests at the hotel. We know your needs before you do.

5. INCREASED SAFETY

Happy and content employees are more productive and more focused - with fewer accidents as a result. Both on site and during transport. A camp makes it easy to adhere to the regulations for work and rest. Delicious and nutritious food and an eventful spare time means happy and focused employees.

SITE FACILITY'S CONCEPT
FITS PERFECTLY WITH OUR
PROJECTS. IT IS VERY
BENEFICIAL THAT WE HAVE
LESS ADMINISTRATIVE WORK
TO DO, AND THE FLEXIBILITY
THE CAMP PROVIDES HELPS US
TO MEET OUR DEADLINES.”

PROJECT MANAGER, VESTAS
NORTHERN EUROPE

TRANSPORT TIME TURNED INTO WORKING HOURS

► When the construction site is far from the nearest hotel a large part of the working day is taken up by transport. There is a lot of money to be saved by having a site hotel as it turns transport time into working hours. It also makes every working day much more flexible. You can leave the site and return with only minutes warning - this means optimal use of working hours. As well as maximum utilisation of expensive equipment and hardware.

With Site Facility you are the only guests at the hotel - so we will design it according to your needs. We know that the weather usually plays a part on major projects. This is why we are ready to change the schedule with only minutes warning so that you can use the time optimally and adhere to your schedule. It's good business. It is also good business to ensure that your employees thrive. Happy employees are motivated employees. And motivated employees are

more productive. We take care of everything, from healthy and nutritious food to a calm and entertaining spare time - all served up in a relaxed environment. We are very experienced and we know both your and your employees' needs - even before they arise. See example with 50 minutes transportation time to nearest hotel.

EXAMPLE

40 minutes saved x 7 months x 50 people = 14.000 hours saved

6.3 mio. DKK saved in transportation time

IT FEELS

IT ALMOST FEELS LIKE MY SECOND HOME. IN THE CAMP WE ARE ALMOST LIKE ONE BIG FAMILY. THAT'S NICE, ESPECIALLY WHEN YOU LIVE SO CLOSE TOGETHER FOR SUCH A LONG TIME – AND FAR AWAY FROM YOUR OWN FAMILY. IT ALSO MAKES A DIFFERENCE, WHEN YOU ARE AT THE CONSTRUCTION SITE, THAT YOU REALLY KNOW THE PEOPLE YOU WORK WITH.

LIKE HOME

- ▶ We strive to create an environment that favours everyone. Where everyone feels at home and can fill their spare time with something eventful. We are able to do that because we are present and live in the camp ourselves - as part of your daily life. We are used to handling the wishes and needs of people from all parts of the world. So no matter where you are from, no matter where you have to work and live, we are one step ahead when it comes to knowing what you need to be comfortable.

ENJOY DELICIOUS MEALS THREE TIMES A DAY

YOUR OWN PRIVATE SPACE WITH BATHROOM

I MUCH PREFER TO STAY HERE

IT'S GREAT THAT YOU DON'T HAVE TO DEAL WITH RECEPTIONISTS, WAITERS AND À LA CARTE MENUS. YOU JUST COME AS YOU ARE. IN YOUR WORK CLOTHES IF YOU WANT. EAT, HAVE A NICE EVENING WITH YOUR COLLEAGUES, AND RELAX. I'D MUCH RATHER STAY HERE THAN AT A NORMAL HOTEL.

MICHAEL RØNDE,
SITE MANAGER, MAMMOET WIND
CAMP SITE FACILITY SJISJKA

FUN TIMES WITH YOUR COLLEAGUES AFTER WORK

RECREATIVE OUTDOOR AREAS FOR FUN AND EXERCISE

ALMOST LIKE HOME

CAMP CINEMA FOR THAT IMPORTANT MENTAL BREAK

WATCH WHAT YOU WANT

ENJOY NATURE CLOSE TO YOU

WORK OUT - GIVE IT YOUR MAX

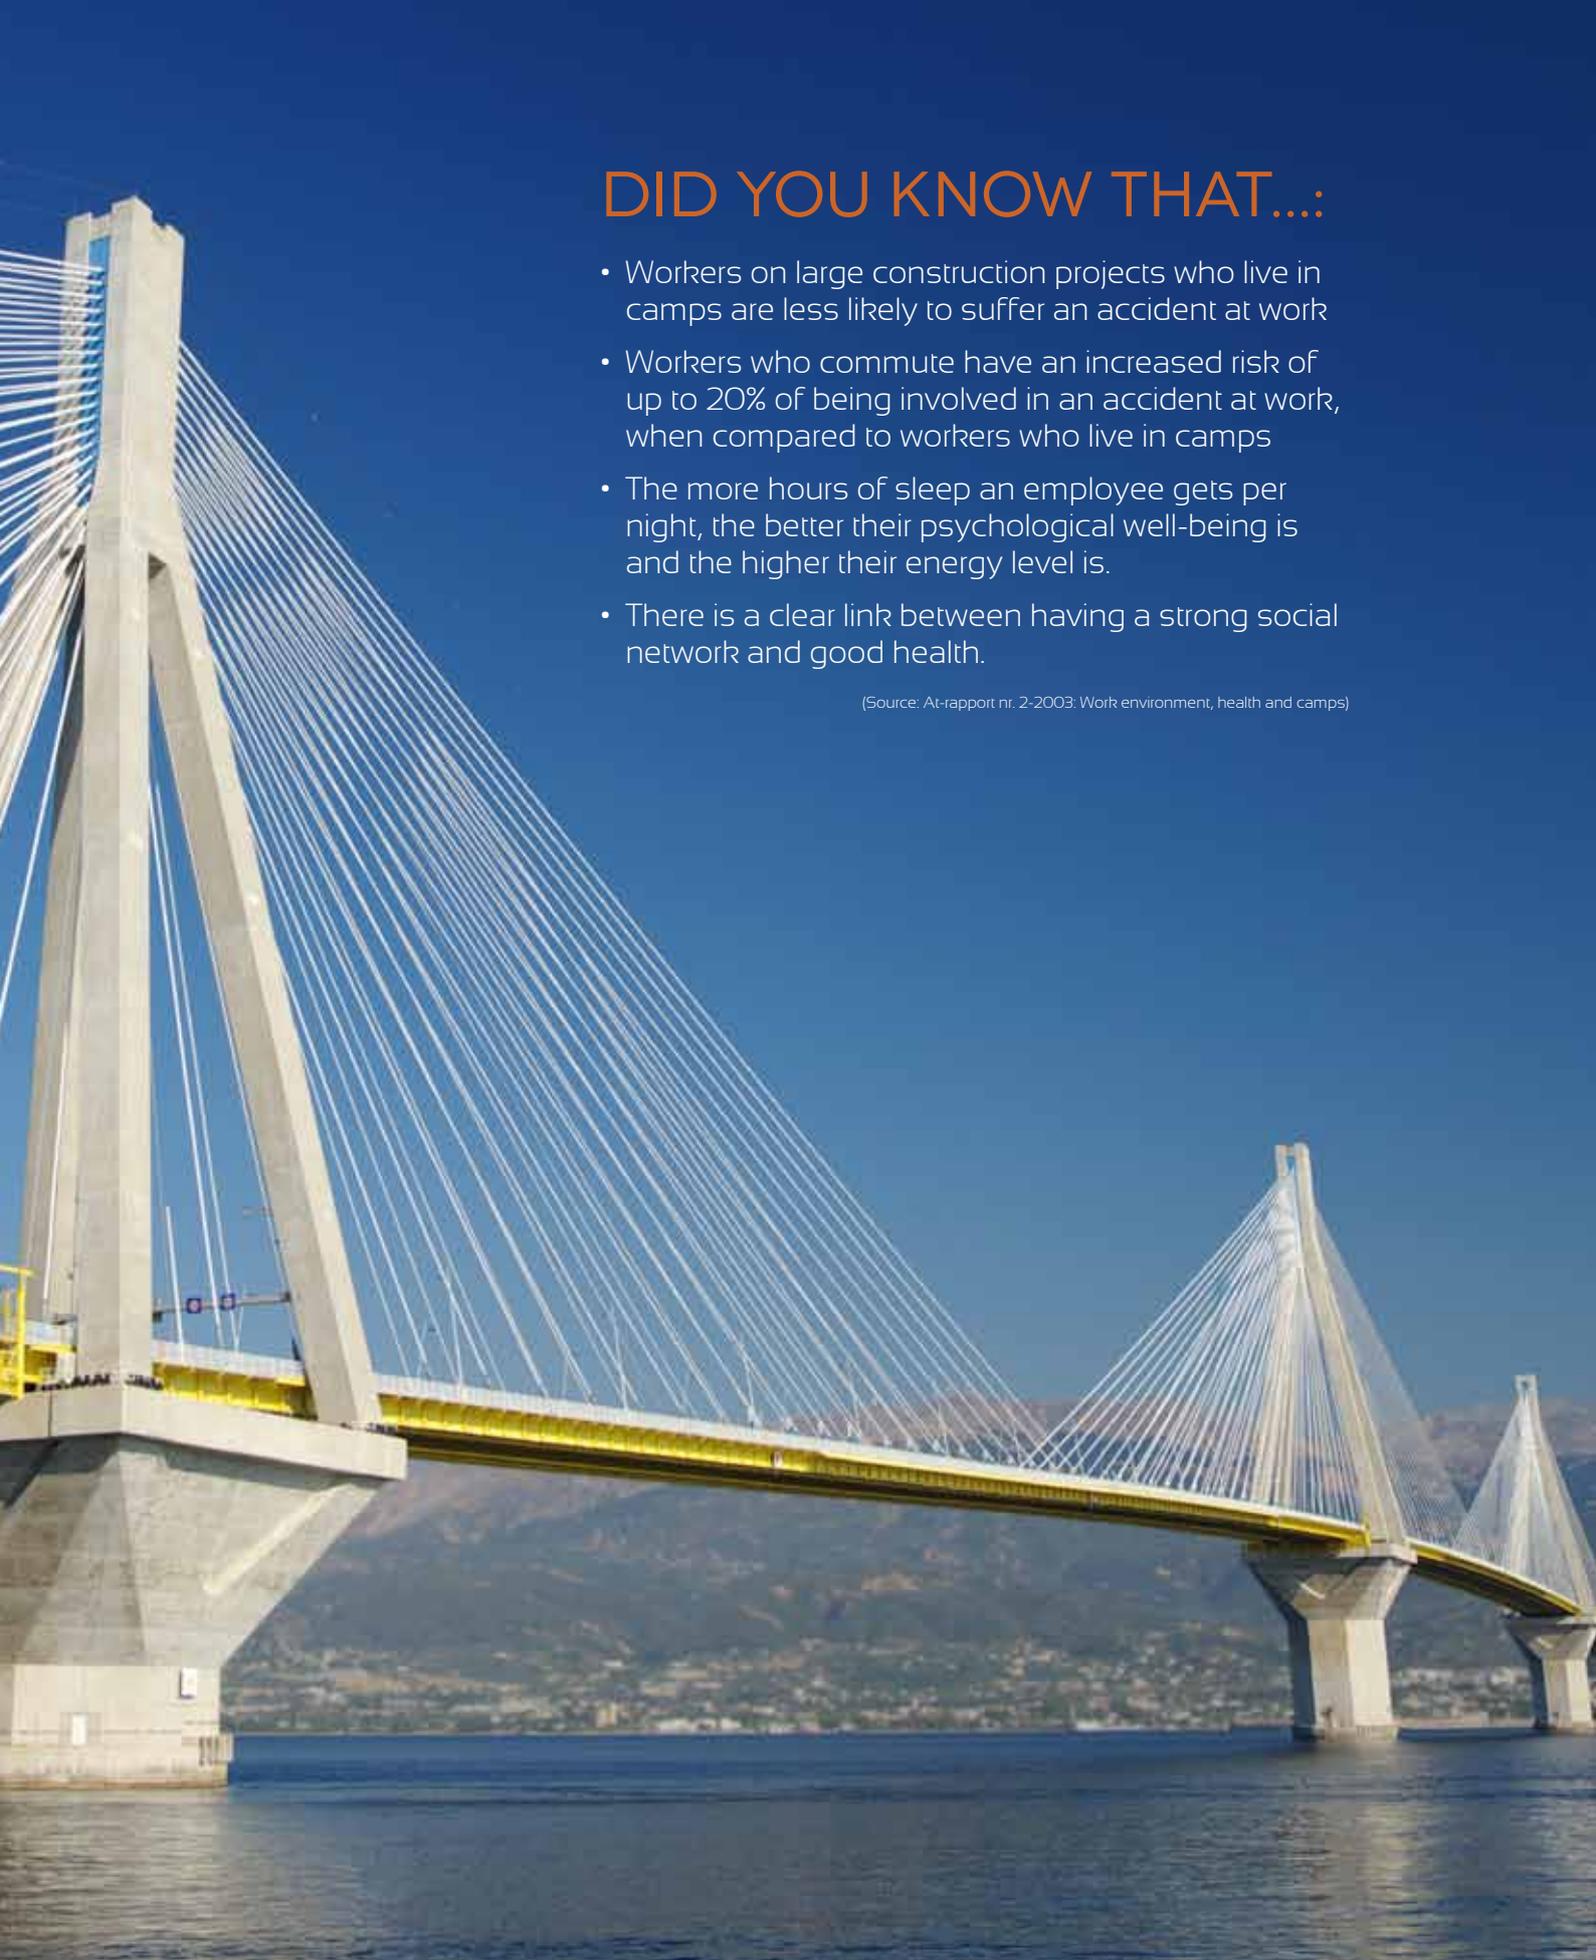

HEALTHY SPARE TIME

THE POSSIBILITIES ARE ENDLESS WHEN WE DESIGN YOUR CAMP:

- Fitness Centre
- Cinema
- Games room
- Laundry
- TV room
- Car wash
- Kayaking
- Mountain bikes
- Terrace
- Lounge / relaxation
- Fishing rods and boat hire
- Pick-up service between site/ airport/harbour and camp

We tailor your site hotel to meet your exact needs. We have great experience and we know how to design the best camp possible. So your employees will thrive and be as productive as they can be. And to maximise flexibility. With you, we will create the perfect frame for your project. Anywhere. On any project.

DID YOU KNOW THAT...:

- Workers on large construction projects who live in camps are less likely to suffer an accident at work
- Workers who commute have an increased risk of up to 20% of being involved in an accident at work, when compared to workers who live in camps
- The more hours of sleep an employee gets per night, the better their psychological well-being is and the higher their energy level is.
- There is a clear link between having a strong social network and good health.

100%

FOCUS ON YOUR BUSINESS

► Using Site Facility means that you can avoid a lot of worries. We take care of everything - from research and planning before you move into the site hotel, and later as you move out again. You can focus 100% on earning money.

As you begin planning your project, we begin our research phase, ensuring you the best solution in the area you will be working in. Then we take care of all the administrative work, such as building permits for the camp, infrastructure, and design. During your stay at the site hotel we take care of all practicalities - from laundry to cooking - and when your project is completed we clear up after ourselves so that we don't disturb the nature or the people who live there normally.

ALL THE THINGS YOU DON'T SEE

► RESEARCH

A camp is often the best and cheapest solution. We conduct extensive research to find the best possible solution for your project. What the best location for the camp might be and what it optimally should contain.

► CSR

When a lot of people move into the vicinity of an often small community it is essential that everyone involved remain on good terms. CSR is not just something we talk about. It is

something we do. We always try to find ways in which we and the community can benefit from each other. And we, of course, use local workers in the camp whenever possible.

► NUTRITIOUS FOOD

Our meal plans are tested to be balanced - in relation to for example fat, sugar and salt - to provide optimal energy while also being both healthy and nutritious. At the same time we put a lot of effort into adapting the menus to the taste buds of our residents.

► SERVICES

While staying at the site hotel you don't have to worry about anything but your own project. Site Facility takes care of everything. From the cleaning of the rooms, to food, entertainment, and leisure activities. All done to fit in with your wants and needs.

► LAUNDRY

Your work clothes will of course be washed and returned to the rooms as well - to their rightful owners.

► FROM START TO FINISH

We are with you from the very beginning and throughout your project, but our task is not done until you have moved on and we have dismantled the camp and cleaned up after ourselves. So that we do not disturb the nature, your project or the local residents.

- ▶ Check out our concept at www.sitefacility.com, or call us for an informal chat about how we might be able to help you. We look forward to showing you how you can save money - while we spoil your employees.
